ABOUT MTM

MTM Environmental, LLC is a certified Woman-Owned Small Business environmental consulting firm established in February 2021. Our staff consists of biologists, botanists, a forester, and a Certified Financial Officer. We conduct a wide range of ecological services for private landowners, land managers, entities, and organizations, such as wildlife surveys, stream sampling, vegetation surveys, environmental DNA sampling, land management planning, conservation easement and baseline documentation reports, mapping, wetland delineations, environmental site assessments, and drone imagery operations, among others.
